

IV-Stand Premium Care

Material: stainless steel

I-PRE003

- + effective infusion care by hanging safely IV-bottles and bags
- + mobile use: at the right time at the right place
- + very high load capacity due to the processing of high-quality material

Product description

Material:	stainless steel / Aluminium
Colour of plastic parts:	black
Bottle holder:	stainless steel 4 safety bottle hooks - 5 kg / hook
Adjustment:	stainless steel screw height adjustment with soft-drop system
Regulating range:	1.430 - 2.260 mm
Tube diameter:	33,7 / 25 mm
Wall thickness inner tube:	1,5 mm
Wall thickness outer tube:	1,6 mm
Length of outer tube:	1.200 mm
Base diameter:	630 mm
Base leg profile:	Ø 33,7 mm
total load capacity:	32 kg (5 kg per hook / 12 kg outer tube)
Castors:	twin castors Ø 75 mm, according to DIN EN 60601 electrically conductive and lockable
Total weight (net):	appr. 12 kg, with weighted base

IV-Stand Premium Care

Material: stainless steel

Technology

- + all plastic parts are light-resisting
- + integrated pull-out guard avoids separation of the adjustable tubes
- + safety bottle holder in accordance with DIN ISO 15375

Economy

- + complete recyclability

Safety

- + enough safe distance in between both tubes once the pole reached its lowest height
- + no risk of injury from the rounded shape of the hook

DIN EN 60601
3rd Edition
